

# Lifeline Children's Ministry

Nicole / Joshua Kingsbury

Issue Number 5

November 2011- December 2011

## *Last Months in Review:*

### **Tadpoles (2-6 year olds)**

- We've learned about worshipping God because he is powerful.
- Just as Elijah proved to the prophets of Baal, the children learned that there are no gods above our God.
- We learned that God is special and he loves us. He keeps us safe and always provides what is best.
- Children learned how God showed his power to Elisha and the rest of his family.
- We made clocks to demonstrate that there is a time for everything.
- Throughout the past two months we've learned about different ways to worship.

### **Bullfrogs (7-10 year olds)**

- We completed Unit 7 of our curriculum and learned about being faithful to God when others are being disobedient.
- Students read and discussed scripture from Hosea, Amos, Hebrews and 1 Kings.
- We became familiar with the names of Judah's kings and prophets.
- Messages from Ezra, Haggai and Zachariah were decoded. We discussed how God sometimes allows undesirable things to happen to his people.

## *Currently:*

### **November/ December Scripture Memory Verse**

**Today in the town of David, a Savior is born to you. He is Christ the Lord. ~Luke 2:11**

## *Operation Christmas Child*

Donations were collected through November 13<sup>th</sup> and boxes were packaged by children. Thank you to everyone for all of your help and support. Because of your generosity, we accumulated \$310 towards the purchase of shoe boxes and the donations for shipping. We were able to pack 74 shoe boxes which almost doubled our goal of 40 boxes. It also almost triples the number of boxes we sent last year. Praise the Lord! Please continue to pray for the volunteers processing and handing out shoeboxes as well as the children who are receiving them.

## *Coming Up:*

**December 24, 2011 Christmas Eve Service**

**December 25, 2011 No classes for children**

**January 8, 2012 Thank you presentation from the Children for the volunteer teachers**
